IPHONE/IPAD

Download and install the Vimeo App from the App Store. Make sure it is this version of Vimeo

Go to the EP Instructress Portal, go to Music.

Select the music link you wish to listen too or download

Click on the ... for the item

The following screen will appear and select Download to Camera Roll

This screen will be shown, select the lowest resolution as it doesn't affect the music quality

This will download to your Camera Roll on your iPhone or Ipad.

Go to your camera roll via photos

Perform this for every item you wish to have off-line on your iphone or ipad.

WINDOWS

Click the download button for each item you wish to store off-line

Select the lowest resolution, it will be downloaded to your Downloads folder.

ANDROID

Download and install vimeo from the Play Store

Select the music link, if you see this screen, click on vimeo

You will be asked for password

Click on the options button for the music you wish to download

Select Make available off-line

Once you have downloaded all the music and you wish to listen offline, go to the main menu and press the "smiley face" in the top right corner.

Select Off-Line

The music that is off-line will be displayed.
